## From the Superintendent

In Auburn-Washburn, our work is guided by a five-year strategic plan. Our current plan, Strategic Plan 2026, provides focus to our commitment to inspiring, challenging, and preparing our students during years 2021 - 2026. The most important part about Strategic Plan 2026 is that it was built from feedback provided from a variety of stakeholder groups. Specifically, 30 Strategic Planning meetings were held throughout the Auburn-Washburn school community with the Board of Education, students, staff, parents, Kansas Board of Regents, Kansas State Department of Education, Topeka Chamber, Washburn University and Washburn Tech, and local business leaders. It was truly a community effort!

For students, we remain committed to the following two goals:

1. Academic Success – to improve the academic performance of each student, and
2. Skills for Success – to develop “Portrait of a Learner” attributes with each student.

In addition to those two student goals, based on staff and community feedback, the following areas were identified as opportunities to pursue through 2026:

1. Birth to Age 5 - to increase the number of age three and four-year-old students enrolled in early childhood programs so each student enters kindergarten at age five socially, emotionally, and academically prepared for success.
2. Social-Emotional Needs – to identify and implement successful strategies to address students’ social-emotional needs.
3. Instruction and Programming – target student engagement strategies, integrate financial literacy standards, and integrate technology at each grade level.
4. Career and Technical Education – create ways for students to learn in innovation-focused, industry-standard work spaces and to collaborate with local business partners and skilled professionals.
5. School Capacity and Configuration – over the next four years of construction and renovation, seek efficiencies, remain on or ahead of schedule, stress innovation, opportunity, and excellence, and complete each project in a way that our community will be proud to support.

It is an extremely exciting time in the Auburn-Washburn school community. Thank you for supporting our work with students!

The registration process will vary slightly, depending on your circumstances. See the information below that applies to your situation. After Online Registration, you will be notified if there are further steps you need to take.

**New Families** - You are a new family if none of your children attended grades kindergarten through 11 at an Auburn-Washburn school during the previous school year. Start the process at [www.usd437.net](http://www.usd437.net). Look for the Registration link.

**Returning Families** - You are a returning family if one or more of your children attended an Auburn-Washburn school during the previous school year. This includes having their pictures taken, purchasing a parking permit, or ordering a yearbook if desired. High school students may also need to meet with their counselor to make changes to their FALL Semester schedule. (Counselors will be available to make Spring Semester schedule changes and discuss other issues at a later date.)

Washburn Rural High School will communicate directly via email with parents who have registered with details about steps that need to be taken prior to the start of school.

## HEALTH INFORMATION

Health forms and immunization requirements are available online at [usd437.net/about/health.html](http://usd437.net/about/health.html). Students wishing to participate in activities or athletics must submit a completed Physical Form prior to participation.

## WELLNESS

Good nutrition affects daily cognition in the classroom. Physical activity, regardless of whether it's during recess, in the classroom or in physical education class, may improve school performance and achievement such as higher test scores. Simply put healthy students are better students.

The goals and plan of the Wellness Committee are to provide proper student nutrition promotion, education, physical activity and other school based activities designed to promote student wellness.

To see Auburn Washburn's results in relation to the State of Kansas visit [datacentral.ksde.org/nutrition\\_reports.aspx](http://datacentral.ksde.org/nutrition_reports.aspx) and you can Access all Local Wellness Policies.

Auburn-Washburn Wellness Committee Meetings are held monthly at Shuler Education Center. We welcome everyone, faculty or community members, to become involved if you are interested. Please contact Shannon Thoele at [thoelsha@usd437.net](mailto:thoelsha@usd437.net).

## MEALS

**NOTICE-** For the 2022-2023 school year, students will be required to pay for school meals. Families will need to submit a Free/ Reduced Meal Application to receive waived or reduced meals or school fees.

Breakfast and lunch are served at all Auburn-Washburn schools.

Each school maintains a state-of-the-art kitchen for production of quality meals. Students have daily access to a fresh fruit and vegetable bar. Many products in the schools are made from scratch. Each school has an onsite bakery where most bread, rolls, muffins, buns, etc. are baked. School kitchens also make their own pizza, calzones, meat pies, hot pockets, etc. School Food Service products are low in sodium, low in sugar, and low in fat.

Milk is served daily for breakfast and lunch. Students in grades 4-8 have two main entrée choices each day. Students in grades 9-12 have 6-7 choices daily.

### Breakfast:

Each school offers a quality breakfast program offering fresh fruit, breakfast sandwiches, breakfast pizza, casseroles, biscuits & gravy, cereal, muffins, etc.

Free and reduced lunch program students also qualify for the same benefits during the breakfast program.

Students need about 10 minutes to consume breakfast. It is recommended that they arrive for breakfast 20 minutes prior to the first bell to allow time for breakfast.

### Outside foods:

School Food Service meal programs are regulated through the United States Department of Agriculture. It is requested that any food items brought into the schools be consistent with USDA recommended nutritional values so that our programs remain compliant with the law. Caffeine and soda are restricted for students in elementary and middle schools.

Adult family members are welcome to join their students for lunch. Please check with your school office for the procedure. If you typically provide a sack lunch, please consider trying a school meal. Students bringing in outside meals can purchase milk from the school for \$.50.

When sending treats for students, it is requested to limit these to the afternoon after lunch has been served. The school Food Service programs are able to prepare treats for students and offer a wide selection. Please contact the school kitchen manager. Providing treats produced by the Food Service program also helps address the numerous special dietary needs of students.

## FREE AND REDUCED MEAL APPLICATION

Free and reduced applications are available from each school office, the Shuler Education Center and online at [www.usd437.net](http://www.usd437.net).

All potentially eligible households are encouraged to apply. A new application is required for each school year. You need only apply at one location to cover all members of the family going to different schools in the district.

There are two forms you will need. The Free and Reduced Application and the Consent for Disclosure form. The consent form allows us to share information with accounting to provide free or reduced benefits for Textbook fees, Summer School, Activity fees grades 7-12 and Transportation fees. You must submit a disclosure form to receive any of these additional benefits based on the eligibility of your free/reduced application.

- **Parents As Teachers:** Serves children age 0-3 years. Parent educators provide information about child development, make home visits, and suggest ways parents can encourage their child's development. These visits are designed to help families give children the best possible start by emphasizing that parents are a child's first and most influential teacher. Call 339-4762 for more information.
- **At-Risk Preschool:** Serves children who are 4 years old. Eligibility for this program is determined through an application process. The program is designed to help children who qualify improve their readiness for Kindergarten. For an application call 339-4039. Screening for the upcoming year will take place in April.
- **Title I Preschool:** Serves children ages 4 and 5 from the Pauline Central area. To apply call 339-4039.

- **Preschool for students with disabilities:** Serves students between the ages of 3 and 5. Comprehensive services, which include speech and language services, physical therapy, and occupational therapy, are offered.

Appropriate instructional options for a preschool student with a disability are determined by the Individual Education Plan (IEP) team. Services may be delivered in the classroom, a community preschool, or other settings.

Diagnostic screening services are available for preschool children whose parents suspect their child may have a disability. The purpose of preschool screening is to identify children with developmental delays that may interfere with their future education.

Hearing, vision, and developmental skills are screened by professionals specifically trained in early childhood education. Upon completion of the screening, the staff and parents will review the results and assess the need for further evaluation. Contact the Early Childhood Center, 408-8374, to schedule screening and diagnostic services.

- **Peer Models:** Preschool peer model students are accepted into the Early Childhood program. Peer models are children who are 3 or 4 years old and have passed an eligibility screening. There is a fee associated with this program. To apply call 408-8374.

## CATASTROPHIC STUDENT ACCIDENT INSURANCE

The District buys accident insurance for students that provides medical care coverage for injuries sustained during school time and activities. This insurance is secondary to other coverage a student might have. For more information or to file a claim, contact a school nurse or the district Business Office.

## INSTRUMENT RENTAL

Students who opt to study violin or viola must provide their own instrument. Most students rent their instruments from area music dealers. USD 437 rents cellos and bass violins to students on a limited basis with prior approval from the string teacher. Flute, clarinet, alto saxophone, trumpet or cornet, and trombone may be played by any student. Students must provide their own instruments. These can be rented from area music dealers. A limited number of students may begin on French horn, bass clarinet, baritone horn, tenor saxophone, percussion, or tuba with permission from the band director. These instruments are available for rent from the District. The District rental fee for instruments is \$90 per year, and payment may be required before the instrument can be issued to the student.

## TRANSPORTATION

Transportation is provided free of charge to all resident students in Auburn-Washburn. Routing and scheduling information is provided just prior to the start of school via the Ride 360 portal. # ★ DIRECTORY INFORMATION • SURVEYS

## DIRECTORY INFORMATION

The USD 437 Board of Education and administration have determined that the following data will be designated “directory information”:

1. Student’s name, address, telephone number, and date of birth.
2. Student participation in officially recognized school activities and sports.
3. The weight, height, and grade of members of athletic teams.
4. The dates of attendance.
5. Scholarships and awards received.
6. The most recent previous school district attended by the student.
7. Audio or visual recording, photograph, or image of student.
8. Student’s school email address as provided by USD 437

**This information is considered public information which may be released by the school district without parents’ prior consent. Parents need to let each school know by September 1 if they do not want this information released.**

Auburn-Washburn USD 437 considers all pupils’ records, except directory information, to be confidential. The Family Educational and Privacy Act (FERPA) affords parents and students over 18 years of age “eligible students” certain rights with respect to the student’s education records. These rights are:

- (1) The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask USD 437 to amend a record that they believe is inaccurate or misleading.

They should write the school principal, clearly identify the part of the record that they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5920

This includes the requirement that parents (or students 18 years old or above) consent prior to the gathering of protected information as defined under PPRA.

USD 437 will notify parents and request consent in writing for any survey or information gathering activity covered under PPRA. Complaints may be directed to the Family Policy Compliance Office listed above.

## SUPPORT FOR ALL LEARNERS

Each building uses a problem-solving approach to identify and support students who may need intervention. This may include strategies to address concerns with academic achievement, health, or behavior. The process may or may not lead to a recommendation for a comprehensive evaluation to consider special education services. If special education services are indicated, a team of school professionals and the student's parents will determine the most appropriate services to meet the student's needs.

The District's goal is to educate all students in the educational environment most similar to that provided for their peers and offers a wide variety of instructional programming.

## EMERGENCY SAFETY INTERVENTIONS

Emergency Safety interventions include the use of seclusion or physical restraint when the student presents an immediate danger to self or others. violent action that is destructive of property may necessitate the use of an Emergency Safety intervention. School personnel who use Emergency Safety interventions are trained in their use, including positive behavioral supports, physical and non-physical de-escalation techniques, and provisions to maintain the safety of both students and staff members. School personnel keep documentation and provide written parental notification when an Emergency Safety intervention is used. Visit [www.usd437.net](http://www.usd437.net) for details.

## HOMELESS STUDENTS

Students may be eligible for services under the federal McKinney-Vento Act if they reside with another family. If a student's living arrangement can be described as "Doubled up with other people due to loss of housing or economic hardship." These students may qualify for certain rights and protections under the federal McKinney-Vento Act.

Eligible students have the right to:

- Receive a free, appropriate public education.
- Enroll in school immediately, even if lacking documents normally required for enrollment.
- Enroll in school and attend classes while the school gathers needed documents.
- Enroll in the local school; or continue attending their school of origin (the school they attended when permanently housed or the school in which they were last enrolled), if that is their preference and is feasible. \* If the school district believes that the school selected is not in his/her best interest, then the district must provide the student with a written explanation of its position and inform the student of his/her right to appeal its decision.
- Receive transportation to and from the school of origin, if requested.
- Receive educational services comparable to those provided to other students, according to the students' needs.

If you believe you may be eligible, contact the Auburn-Washburn Executive Director of Teaching & Learning to find out what services and supports may be available.
