

**AUBURN-WASHBURN SCHOOLS
REQUEST TO ADMINISTER MEDICATION**

Medication is given at school only upon written request from both a parent or lawful custodian and a person who is licensed to practice medicine, surgery or dentistry who is prescribing the medication. Prescription and nonprescription medication must be in the original container and must be taken to the health room without delay for safekeeping. The prescription label will be considered the physician permission.

Please provide all requested information:

Name of Student: _____ Birth Date: _____

The above named student needs to receive the following medication during his/her regular school attendance time:

Medication: _____ Dosage: _____

Requested start date: _____ Expected duration: _____

Diagnosis: _____

School time schedule of administration: _____

Other pertinent information: _____

Date: _____ Physician's Signature: _____

PARENT PERMISSION FOR MEDIATION AT SCHOOL

I certify that _____ has previously had at least one dose of the above prescribed medication and did not have an adverse reaction from it. I request that this medication be administered at school as directed above. I understand that it is my responsibility to furnish this medication and it is the responsibility of the student to report to the Health Room at the appropriate time. I understand that any school employee (i.e. field trips) who administers this medication to my child in accordance with written instructions from the physician, ARNP/APRN, dentist or OD shall not be held liable for damages as a result of an adverse drug reaction suffered by the student because of administering such medication or because of mislabeled or altered product. I hereby authorize USD 437 School Nursing Service personnel to exchange information regarding this request with the above named attending physician and with the pharmacy as identified on the affixed pharmacy label.

Parent/Guardian Signature: _____ Date: _____

NOTE: The medication is to be brought to school in the original container appropriately labeled by the pharmacy or physician, stating the name of the medication, dosage, and the times to be administered.
