

# **Farley School Song**

written by Kirk Meier

tune: Yankee Doodle

**White is for our empty pages futures to be written  
Green is for the fruits of knowledge ready to be bitten.  
Staff and teachers fill our minds with reading, math & his-tory,  
Teach us foxes to be kind, at Farley Ele-mentry.**

**In the Fall we fill our packs with pencils, books and lunches,  
on the bus to Farley school and through the door in bunches.  
Down the halls and to our class with friends we'll grow together,  
making memories as we go and times we'll all re-member.**

**When Spring comes the days get longer and the nights get smaller,  
Farley students know more things and each a little taller.  
Respect each other and stay safe, show responsi-bility,  
Teachers help us reach new goals to grow in our abil-ity.**
